Dear Gordon:

Thank you for your note of February 28. Under separate cover I am sending you five copies of the Annual Report which I believe is the publication you requested.

My present plan is to undertake the Jonsson Lectureship during the week of February 24-27, 1981 at Dallas; and I will certainly make a point of seeing you in Austin at that time, if there is no earlier occasion.

Yours sincerely,

  
Joshua Lederberg
